

Applying for a Medicare Waiver through the Pennsylvania Office of Long Term Living

1

Request To Apply

Call the PA Independent Enrollment Broker (IEB) at 877-550-4227. Inform them that you are making a "request to apply for services". IEB will schedule an intake visit at your home within 7 days.

2

Application Assistance

The IEB will come to you and assist you in completing an application (form PA 600L or WP). IEB will then contact your physician to certify your application. You will also select a SERVICE COORDINATOR (SC) at this time.

3

Approval or Denial

Within 90 days IEB will coordinate with your physician, county assistance office (CAO), and Pennsylvania OLTL to approve or deny your application. IEB will provide all notifications to you in writing.

4

Select Your ISP

If you are approved, the SC that you selected will contact you to discuss your eligibility and assist you. Next, you will select your INDEPENDENT SERVICE PROVIDER (ISP) and contact them. Comforting Home Care is an approved ISP.

5

Choose CHCP

Call (610-625-5600) to begin scheduling your service. Your SC will cooperate with Comforting Home Care, but you will always maintain direct and independent control of the services you receive.
